

The Story of Gizmo the Grey Bird Token

In the heart of blockchain innovation lies a token inspired by an extraordinary figure: Gizmo, an 18-year-old Congo African Grey parrot who found a loving home with (Emily and Kyle) in April 2022. For the first 16 years of Gizmo's life, he was confined to a cage, which made him cautious and hesitant. However, with time, love, and patience, Gizmo formed a deep connection to his human family.

Gizmo became a TikTok sensation and celebrated for its intelligence, charm, and bold personality. With its catchphrase, "SQUAWK OFF!" Gizmo symbolizes strong, individuality, and creativity. Inspired by Gizmo's unique traits, the \$GIZMO token brings together a community of enthusiasts to explore a decentralized ecosystem that values collaboration and innovation.

The Birth of Gizmo the Grey Bird Token

Gizmo the Grey Bird (\$GIZMO) was born out of the inspiration to unite a global community around these ideals. Built on the scalable and efficient Solana blockchain, \$GIZMO is not just another cryptocurrency—it's a movement. With a total fixed supply of 1 billion tokens, \$GIZMO is designed to fuel a decentralized ecosystem that celebrates collaboration, innovation, and purpose.

The Vision: Building Bridges, Inspiring Change

At its core, the vision of Gizmo the Grey Bird is to establish a thriving community where individuals can connect, create, and contribute to a decentralized future. By fostering an environment of engagement and creativity, \$GIZMO empowers its flock to explore uncharted territories in blockchain technology while championing wildlife conservation and education.

The Mission: Empowering the Flock

Driven by the principles of community engagement, innovation, and meaningful philanthropy, \$GIZMO's mission is to build a robust token ecosystem. Whether it's participating in community events or contributing to wildlife conservation efforts, \$GIZMO token holders play an integral role in shaping a decentralized and impactful future.

Tokenomics: Fair and Transparent

- **Token Name:** Gizmo the Grey Bird
- **Ticker:** \$GIZMO
- **Blockchain:** Solana (SPL Token Standard)
- **Total Supply:** 1 Billion (Fixed Supply)
- **Team Allocation:** 15% reserved for development, operations, and sustaining the project's momentum.

This distribution ensures a balance between rewarding the community and driving sustainable growth.

A Movement Beyond the Blockchain

\$GIZMO is more than a cryptocurrency—it's a cause. By joining the flock, token holders become part of a global initiative to combine the power of blockchain with real-world impact. Through decentralized governance, \$GIZMO holders influence decisions on partnerships and contributions to conservation efforts.

Conclusion: Join the Flock

Gizmo the Grey Bird represents the perfect synergy of blockchain innovation and purposeful action. Inspired by the charm and individuality of Gizmo, \$GIZMO aims to create a decentralized ecosystem where creativity thrives, communities grow, and meaningful change is made possible.

Join the flock, and together, let's shape a decentralized future filled with innovation, conservation, and creativity. **SQUAWK OFF!**
